1. A statement giving details as to the amount to be sanctioned on account of establishment charges is putup.

2. Besides the sum of Rs 500/- already provided in the budget for 24-25 a sum of Rs 3316/- is absolutely required hence to be sanctioned for meeting the expenditure on account of sanctions already accorded.

3. It is however submitted that proposals for the retention of the establishment in the Seed Section and the office of the Director of Agriculture - at least in case of the Asstt who will have to work up the accounts will come up and it is necessary to provide for them. Hence a lumpsum provision of Rs 4000/- may be sanctioned. Any sum that will not be spent will lapse to Govt fund.

General and Revenue Secretariat. | Dis. File No. 9 of 1923.

Serial No.

7c 93/24

9 The famine relief expenditure in the current year was not expected to exceed Rs.5,000 as it was taken to be only for keeping on some of the hands employed on this work for a couple of months. It was, accordingly, considered undesirable to draw upon the Famine Insurance Reserve for meeting this small demand and ~~the~~ an allotment of Rs.5,000 was made under Miscellaneous, to be met from current revenues. If another sum of Rs.4,000 is now necessary, this allotment will have to be enhanced. A supplementary demand to this extent will be necessary and it may be placed before the Legislative Council at the next session. In the meantime, the authorised expenditure may be met from the existing provision of Rs.5,000 and I do not think this provision will be exhausted before the next session of the Legislative Council. Whether the total expenditure of Rs.9,000 can be borne by the current revenues or, if it is necessary to draw upon the Famine Insurance Reserve, is a point which can be considered with reference to the final results of the year. As far as possible, our object should be to meet it from ~~it from~~ current revenues but, if there is a dislocation of the Budget from any cause, it may become necessary to ~~draw~~ consider if this charge may not be met from the Reserve and not from the year's revenue.

Dis 9 5

Department of Agriculture,
Lysore State.

Immediate.

Office of the Director,
Bangalore, June 1, 1924.

Roc.973-A of 23-24

From

Dr.Leslie C.Coleman, M.A., Ph.D.,
Director of Agriculture in Lysore.

To

K.V.Anantaraman, Esq., B.A.,
Offg.Secretary to the Govt. of Lysore,
Revenue Department, Bangalore.

Sir,

In connection with operation under Fodder Scarcity, I have the honour to state that operations have not been brought to a close. We still have small quantities of hay in Tumkur District to dispose of and I believe the Forest Department have still a small supply to ship. In addition we have a total of rather more than 400 tons of paddy straw to dispose of.

I may say that there is still a considerable demand for fodder. Ryots will not purchase and stock, but will continue to buy just to meet their immediate requirements. The demand is in my opinion, certain to continue for a further two months.

To conduct these operations it will be necessary to retain the services of 5 temporary Agricultural Inspectors and 2 accountants for two months. If any of our stocks are sold out before the expiry of the two months the depots concerned will be closed down at once and the staff disbanded.

I should have written earlier in this regard, but work has been held up by my almost continued attendance at Representative Assembly and Legislative Council meetings for the past three weeks.

I have the honor to request therefore sanction for the retention of this temporary staff for a period of two months.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

Roc.973-A of 23-24.

FROM

LESLIE C. COLEMAN, ESQ., M.A., PH.D.,
DIRECTOR OF AGRICULTURE IN MYSORE,
BANGALORE.

To

6 - JUL

K.V. Anantaraman, Esq., B.A.,
Offg. Secretary to Govt. of Mysore,
Revenue Department, Bangalore.

SIR,

In continuation of my letter No.Roc.973-A of the 1st instant, I have the honour to state that in addition to the Agricultural Inspectors who have had to be kept to run fodder depots it has also been necessary to detail fieldmen to assist in this work. There are altogether 7 fieldmen at present employed in this way and 6 fieldmen are likely to be required for the next two months.

During the winter months when owing to ~~sunfkower~~ unfavourable conditions our regular work had to be restricted, it was possible to detail fieldmen for this work without seriously interfering with the regular work of the Department. Now that seasonal conditions have altered and cultivation operations are in full swing this is no longer possible. As a matter of fact, a number of complaints have been received that fieldmen previously stationed in various taluks are not now available to assist ryots and to carry on demonstration work. I have personally satisfied myself that the absence of these fieldman from their regular duties is seriously affecting the work of the Department and have therefore the honour to request the very early sanction of the appointment of 6 Fieldmen temporarily for two months on a pay of Rs.20 a month each. These men will be used to replace permanent men now working at the fodder depots and these latter will be freed for District work.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

Government of His Highness the Maharaja of Mysore.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. 671-730—D., dated 7th March 1924.

Classification of Grants.

Issues orders regarding the —— sanctioned by Government in connection with distress relief.

READ—

The several Government Orders sanctioning certain grants in connection with the relief of distress in the affected parts of the State.

2. Letter No. 80—R. D., dated the 1st February 1924, from the Comptroller to Government, reporting that certain heads have been opened in the books of his office for exhibiting the charges incurred in connection with distress relief measures.

3. Letter No. D. 25 of 23-24, dated 2—5th February 1924, from the Revenue Commissioner, forwarding a statement showing the grants sanctioned by Government in connection with Distress under various heads, the amount allotted out of the same and the balance available with him.

ORDER No. 671-730—D., DATED 7TH MARCH 1924.

Government have sanctioned from time to time several grants of various kinds for distress relief measures in the affected parts of the State to be operated upon by the Revenue Commissioner, the Director of Agriculture and the Conservator of Forests. It is necessary to classify these grants so that the accounting and auditing of all expenditure incurred may be properly regulated. Grants have first to be classified into final charges and recoverable advances and the former classified according to the source from which the expenditure is to be met, whether from the current year's budget grants or from special grants sanctioned from the Famine Insurance Fund. All recoverable advances should be classified to show which of them should be met from specific provisions in the Ways and Means estimate for the current year, and which should be met out of special additional allotments. Wherever expenditure is sanctioned from grants made in the current year's budget or out of specific additional grants, such grants should be operated upon first and after they are exhausted, lumpsum allotments sanctioned for the purpose should be drawn upon and the balance verified from time to time. In the case of lumpsum grants, comprising of various items, or in cases where it cannot be fixed at the outset as to how much would be advance and how much final charge as in the case of the amounts sanctioned for fodder supply arrangements, the accounts have to be adjusted at the end of every month, advances and final charges being brought under their proper heads. A detailed statement showing the allotments made up to 4th February 1924, classified under the respective heads is annexed hereto. The officers concerned are requested to bear in mind the instructions laid down above and to forward for verification to the Comptroller before the 10th of every month an abstract of the expenditure incurred by them during the previous month properly classified on the lines of this statement.
